Automated car-shed which works with the help of weather sensors,with car washing capability,Shed will autonomously trigger on or off mechanism when senses change in weather.

➤ **Face Detector For Attendance System - Embedded**

Red when face is detected blue when no face detected/ project name: Face detector for attendance system.

➤ **Mental Health Support Buddy-**

Mental health issues like depression, anxiety, stress are on the rise but many individuals struggle to access timely support. Traditional therapy may not always be available or affordable, and there is a lot of tools to offer real-time emotional assistance. This gap highlights the need for an accessible, personalized and automated solution to provide mental health support.
